PROJECTS

ECOMMERCE COFFEE SALES DATA ANALYSIS |Data Analysis Project
Dec 2024 – Jan 2025 | Bhopal, India

- Conducted recurring and ad hoc analyses on ecommerce coffee sales data to understand day-to-day business issues
- Cleaned and transformed raw datasets using Pandas; performed in-depth exploratory data analysis.
- Created clear, informative visualizations using Seaborn to identify complex patterns and trends.
- Applied basic predictive analytics to support data-driven decision-making for sales and inventory.

- Drawing

SUMMARY

- Anaspiring data analyst with hands-on experience in business intelligence, data cleaning, and exploratory analysis.
- Proficient in SQL, Excel, Power BI, and Tableau, with a strong foundation in Python libraries like Pandas and Seaborn.
- I have worked on real-world datasets to uncover trends, visualize insights, and support decision-making.
- Comfortable in collaborating with cross-functional teams and presenting data-driven stories clearly and confidently.
- I am excited to contribute to a growing team where I can apply my analytical mindset and continue learning in a dynamic environment.
